Betty Figueroa

VS

case # 23CV-23-1688

US BANK et al.

Response to
allegations of failure to serve process
papers within 120 days

The allegations of failure to serve process papers within 120 days are unfounded.

The process papers, including the subpoena, summons, complaint, and notice of a lawsuit, were indeed served.

They were sent by certified mail to the US Bank's Legal Department, as instructed by the officer at the Conway Arkansas branch.

At the time of service, US Bank did not have a lawyer, and their legal representation was not entered until the 30th day of the filings.

It is possible that due to this delay, the Rose Lawfirm is now claiming they were not served.

Initially, they alleged improper service, and now they are changing their stance to claim no service at all.

Rest assured, the necessary documents were sent with a stamped envelope for

return, and proper service was made.

This case involves Betty Figueroa as the Plaintiff and US Bank as the Defendant, represented by Rose Lawfirm.

There is a dispute over whether or not US Bank was properly served with the necessary legal documents.

Rose Lawfirm initially claimed that US Bank was served incorrectly, but later claimed that they were not served at all.

The legal documents were sent by certified mail to the Legal Department of the Defendant.

Rose Lawfirm is seeking to dismiss the case, possibly out of fear or lack of knowledge about the evidence.

Despite facing challenges due to a traumatic brain injury, Betty Figueroa is determined to pursue the case and refuses to give up.

She emphasizes that she is not inferior to the lawyers involved in the case and highlights her participation in legal events and organizations.

Betty asserts that Rose Lawfirm's attempts to dismiss the case are based on false claims and a desire to avoid facing her in court.
